Application for Membership in Career Staff by [REDACTED]

25X1A9a

1. It is recommended that action on [REDACTED] Career Service application be deferred for the present, i.e., that [REDACTED] be placed in Career Service Category B.

2. Attached is a copy of a memorandum sent to [REDACTED] only last Friday. The memorandum describes [REDACTED] failure to produce a publishable research paper in his area of responsibility and puts him on notice that an improvement in his research performance is required. It is not believed that type A membership is warranted until [REDACTED] has demonstrated his ability to do satisfactory research at the GS-14 level.

3. It should be pointed out in fairness to [REDACTED] that he does possess many of the other qualities sought for in this Office and in this Agency. He is well motivated, loyal, cooperative and hard working. He has simply not yet demonstrated that he can convert these qualities into the kind of research required of a GS-14 in the Economic Research Area of ORR.
